

CARPENTER JOB DESCRIPTION

Annapolis area homeowners call Bohan Contracting when they want their home improvement projects done the right way. Our team of construction experts bring over 100 years of combined experience building, remodeling, and renovating homes around greater Annapolis. On every job we provide homeowners with honest pricing, outstanding communication, and a 100% project satisfaction guarantee.

We have openings in **Annapolis, MD** for a **CARPENTER** with experience in high-end and custom residential construction. We are seeking a knowledgeable team player who puts attention to detail first, works well with others, effectively communicates, and respects our process and values in order to get the job done. This full-time position reports directly to the Project Manager.

POSITION OVERVIEW

The Carpenter is responsible for framing, basic electrical and plumbing, and providing finishing touches after the primary building of a structure is done. This includes installing baseboards, molding, stairs, doors, windows, cabinets, and hardwood floors. This position calls for the ability and confidence to work under the direction of the Project Manager and with various Bohan teams and subcontractors on a daily basis in order to meet expectations. On a daily basis, we must aim to meet and exceed Bohan's objectives of high-quality execution, efficiency in production, and excellent customer service.

POSITION RESPONSIBILITIES

- Complete all carpentry work as directed by the Project Manager
- Follow local protection processes and communicate dangerous conditions
- Ensure cleanliness, safety and damage protection process

- Communicate clearly and effectively with the Project Manager
- Must have knowledge and experience of high-end residential construction

POSITION REQUIREMENTS

- At least 3 years knowledge and experience of high-end residential construction
- Must have all hand and electrical tools necessary to fulfill projects
- Must have a valid driver's license and work truck
- Extreme attention to detail
- Sufficient knowledge in residential construction including building codes
- Solve problems of the project using efficient and effective way of construction
- Experience in tile work is preferred

COMPENSATION PACKAGE

Competitive hourly rate based experience, plus a monthly car and gas allowance. Bohan also offers a benefits package that includes a 100% employer paid health plan and three weeks of PTO.
